# Serenity Surrogacy Plans – Your Path to Parenthood

Experience the best fertility clinic specializing in surrogacy and egg donation in Ukraine. With 30+ years of experience & a 95% success rate.

We Are... Surrogacy in Ukraine 

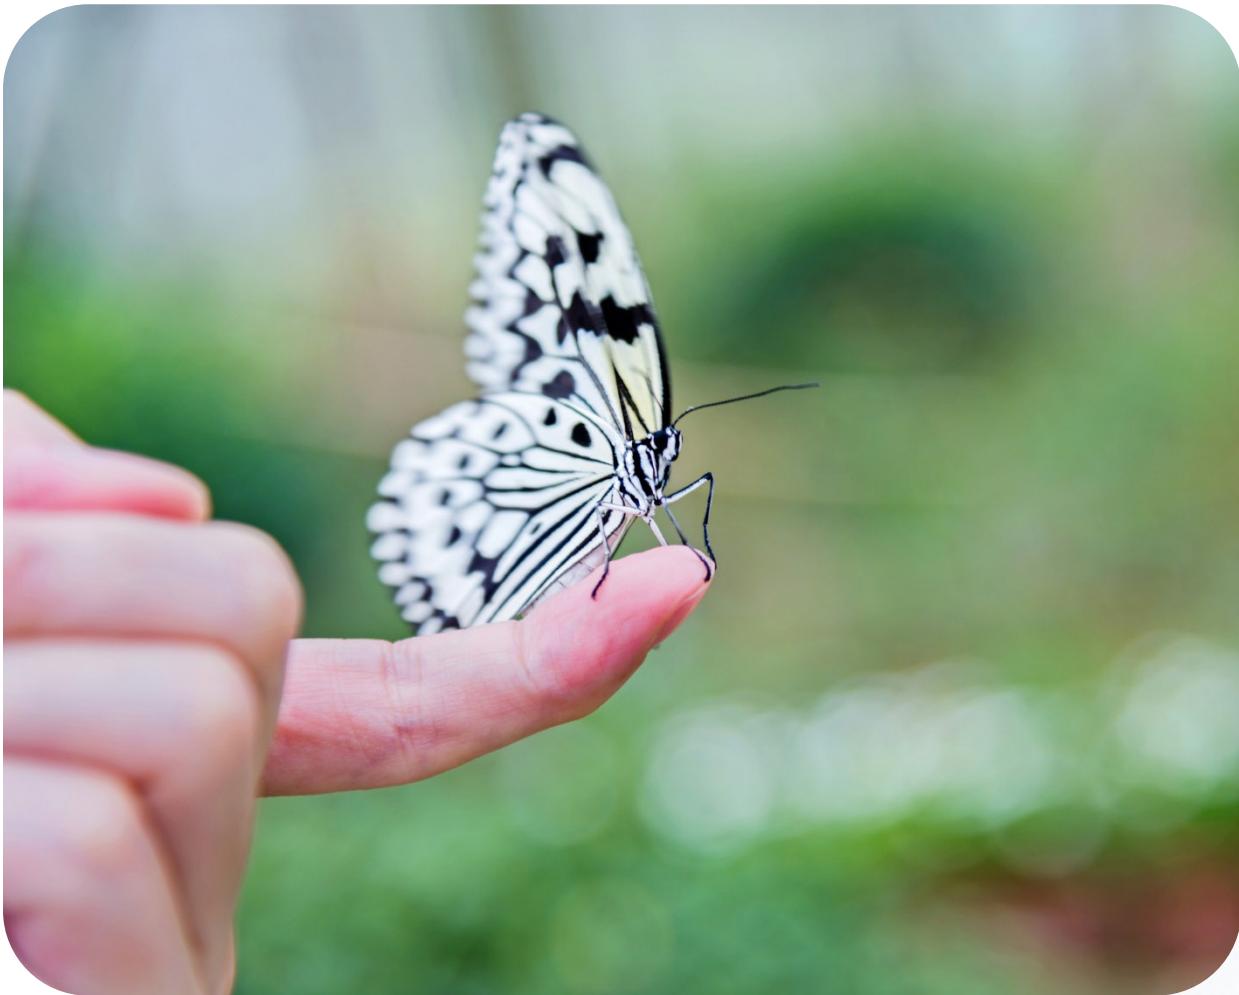

# The Power of Choice | We Are the Better Choice...

- » We stand with you – Always Caring for your Individual Needs.
- » We respond to your every call immediately – “available 16 hours a day, 7 days a week”
- » We understand the burden you carry – by sharing it with you, you’ll never feel alone.
- » We connect you with your surrogate – to stay informed ALWAYS.
- » We Are a Fertility Clinic ready for anything unexpected in your journey.
- » We craft each agreement with clarity and a logical structure – to ensure full protection for both you and your surrogate.

# A Trusted & Transparent Surrogacy Journey

A trusted and transparent surrogacy journey involves a careful process of matching intended parents with a surrogate, legal contracts, and medical procedures. At Embryon, Our Serenity Surrogacy Plans are crafted to ensure a stress-free experience, while guiding you through every step of the journey with mental clarity and emotional peace.

From your first consultation to the day your baby is born, our team coordinates the many aspects beyond just the medical, legal, ethical, and emotional considerations — so your path to parenthood is pure serenity.

Transparency is built through clear agreements, and comprehensive screenings to ensure the well-being of you, your surrogate, and future child.

# Why We Are... The Only Choice for Your Surrogate Journey

We provide a compassionate approach, comprehensive support, and expertise in creating a positive experience for you and your surrogate.

Our commitment to your emotional fulfillment, and our loving, positive atmosphere is why 5,000+ families empowered Embryon to guide them on their path to growing their family. We invite you to join our extended family too.

## We Simplify The Path to Parenthood

We have enhanced our Serenity Surrogacy plans, simplifying them into five stages. You have two stages to complete — the other stages, you can depend on our experienced surrogacy team to handle for you.

Stage	Description	Estimated Duration
Registration & Legal	Consultation, documentation, and signing agreements	2–3 weeks
Matching	Selection and confirmation of your surrogate and/or donor	1–2 weeks
Medical	Screenings, IVF, and embryo creation or transfer	1–2 months
Pregnancy	Full prenatal care, reporting, and coordination	9 months
Birth	Delivery, legal registration, and family handover	—

Life's New Beginnings

Embryon Fertility | Surrogacy in Ukraine

# Our Serenity Surrogacy Plans

Each plan includes complete medical care, surrogate management, and legal guidance. The only difference is how your embryos are created.

Program	Description	Price
Serenity Plus	Donor Eggs	€54,500
Serenity FET	Frozen Embryo Transfer	€51,480
Serenity ORC	Own Reproductive Cells	€53,375

Our Serenity Plans follow these key steps:

Embryon's Gold Standard of practice provides for open, honest, and accessible information and comprehensive support to build trust and improve outcomes.

# What's Included

Your Serenity Plan is truly all-inclusive — no hidden fees, no unexpected costs.

## Medical Overview:

- » All IVF and related medical procedures, including medications
- » Donor and surrogate screening and testing
- » Fertilization, embryo culture, and two frozen embryo transfers (FET)
- » Optional PGT-A genetic testing
- » Serenity Plus with donor eggs provides: 15 mature donor oocytes (M2 grade)

## Surrogate Mother & Donor:

- » Compensation, bonuses, and maternity-related expenses
- » Prenatal screenings and nutritional support
- » Accommodation from week 32 through delivery
- » Delivery and postnatal care at a certified maternity hospital

## Legal & Liaison:

- » Legal support for surrogate, donor, and intended parents
- » Translation and preparation of all necessary documentation
- » Issuance of the baby's birth certificate
- » Ongoing bilingual assistance and reporting

# Payment Milestones

Payments are divided into clear, scheduled stages that align with your surrogacy timeline. Each installment is invoiced prior to the related stage — ensuring clarity, structured due dates.

Stage	Description / Milestone
Agreement	Initial non-medical fee
IVF Start	Cycle synchronization and embryo creation
Pregnancy Confirmation	After positive pregnancy test
Second Trimester	Mid-pregnancy milestone
Pre-Delivery	Week 40
Birth Registration	Final surrogate payment upon signing a notarized consent form for the registration of you as the child's legal parents

**Serenity plus**

**€54,500**

**Serenity FET**

**€51,480**

**Serenity ORC**

**€53,375**

\*Slight differences exist between programs

## **Surrogacy Qualification Checklist for Future Parents**

Our surrogacy services are available to married heterosexual couples who have a verified medical indication for surrogacy.

- » Medical documentation from a licensed physician is required
- » Intended parents must be under the age of 55
- » Basic understanding of English is requested for communication and agreements. An interpreter will be provided to ensure coherent dialogue.
- » For FET and ORC plans, a minimum of two 5-day, PGT-A-tested embryos is recommended.

All procedures meet Ukrainian legal and ethical standards, ensuring full parental rights upon birth.

# Building Relationships | Support That Stands With You

You and your surrogate are guided and supported throughout the entire pregnancy by an experienced Embryon surrogacy professional. Regular correspondence is maintained to ensure that the surrogate's needs are met and that she feels genuinely cared for throughout the pregnancy.

## Advanced Technology That Keeps You Connected

Embryon is the first and only center in Ukraine to support your surrogacy journey with an American-designed Journey Management Platform, so you're always connected, informed, and fully in control from start to birth and beyond.

### Exclusive Donor Profile Platform Top 5% of Ukrainian Egg Donors

Our egg donor database includes Ukraine's top 5% of pre-qualified candidates. Each donor completes full genetic, health, and psychological screening for optimal outcomes. We offer both fresh and frozen oocytes to ensure flexibility and the highest chance of success.

Trusted, ethical, and expertly managed — designed to give every family the best start.
